Parent Webinars & In-person Events

These 75-minute, live webinars or in-person events provide parents with wonderful insight, gentle guidance and practical ideas, as they navigate the challenges of parenthood.

Up to 495 logins/attendees per webinar, and unlimited attendance numbers for in-person events.

Choose from some of our most popular topics below -

Rock Solid Foundation

How to ensure you keep your children feeling safe, recognise their worth and help them become what they are destined to be.

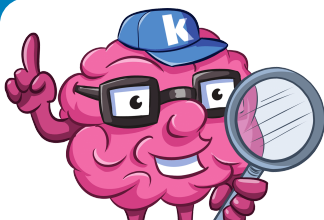

Devices & Development

In this dynamic presentation, we answer the questions: How much screen time is too much? How much is needed for effective development in this digital age? And how do we, as parents, find the balance?

Raising Teens Raising Tweens

From charming to challenging. In this dynamic, flagship presentation, Keller Education will share the three big secrets of the tween/teenage brain.

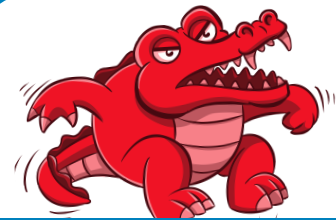

Trauma Informed Schools

Answer the questions: Do we use stress as a motivator for our children? Do we use stress to manage discipline in the home? Do we use stress to ensure that our children don't add to our personal load?

Anxiety-Free Homes

In this presentation, we'll delve into the science and strategies behind creating a peaceful, stress-free environment for your family,

Zip the Crocodile

Delegates are taught about the complexity of the brain in a parent-friendly manner that can be applied in every aspect of their professional careers. Based on Gavin's popular book, Zip the Crocodile. (2021)
